

Global Alliance Partners

In concurrence with its efforts of expanding presence in Greater China, which is its core market focus, Quam has also extended its international footprint across Asia Pacific, Europe, Middle East, Africa, and America through the Global Alliance Partners (GAP), of which Quam is the founding member.

Salient to Quam is its strategic gateway position between the rising economy that is China, and the global market. Hence, Quam's heightened commitment is to offer an expanding range of financial instruments in an expanding number of financial markets.

Global Alliance Partners offers clients more research and placement capability across different markets, and a wider platform for trading opportunities.
